CHARACTERISTICS OF WORK

Under general supervision, this position is responsible for issuing permits to transport over-dimensional and/or overweight loads and determining proper routes. This position also requires transmitting permits, assuring permits accurately define the situation, controlling the use of the permit and entering data into computer.

EXAMPLES OF WORK

The following examples are intended only as illustrations of various types of work performed. No attempt is made to be exhaustive. Related, similar, or other logical duties are performed as assigned. The Department may require employees to perform functions beyond those contained in job descriptions. The Department may modify job descriptions based on Department needs. The Arkansas State Highway and Transportation Department is an "at will" employer.

- Prepare and issue permits with attached restrictions and routings.
- Transmit permits over facsimile machine or via email.
- Enter data into computer utilizing automated Arkansas Permitting and Routing System (ARPARS).
- Prepare appropriate documentation when making changes to a permit.

MINIMUM REQUIREMENTS

The educational equivalent to a diploma from an accredited high school. Basic working knowledge of computers including data extraction, telephone communication skills, and operation of fax machines. Ability to read highway maps and correlate specified permit routes and designated detours required due to construction or maintenance operations.

("Accredited" means the educational institution or program is accredited by an accrediting organization recognized either by the United States Department of Education or by the Council for Higher Education Accreditation.)

A criminal background check will be required to determine suitability of employment, and failure to meet these standards may cause the applicant to be rejected or terminated from that position.
