The Wyman Bridge was documented during the summer of 1988 as part of the Arkansas Historic Bridge Recording Project, by the Historic American Engineering Record (HAER), a long-range program of the National Park Service to document historically significant engineering and industrial structures in the United States. The Arkansas Historic Bridge Recording Project was co-sponsored by the Arkansas Historic Preservation Program and the Arkansas Highway and Transportation Department.

The fieldwork, measured drawings, historical reports, and photographs were prepared under the direction of Robert J. Kampsch, Chief, Historic American Engineering Record, and Eric H. Delony, Chief of Haer. Michael Shanahan, Survey Coordinator, Arkansas Historic Preservation Program, and Burdett D. McClurkan, Arkansas—1977, Historian, Environmental Division, Arkansas Highway and Transportation Department, served as advisors.

The recording team consisted of Lola Bennett (University of Vermont), Project Historian; Kathy Steen (Luther College) and Sean O'Reilly (The Irish Architectural Archive, Dublin, Ireland), historians; Robert Arzola (Texas Tech University), Shane Cook (University of Arkansas), James Garvey (University College, Dublin, Ireland), and Ted Jones (University of Arkansas), architectural delineators; Corinne Smith (Cornell University), Engineer; and Louis Tanf-Cawood (Little Rock, Arkansas), Photographer.
