ELEVATION

Note: Existing Structure to be widened in within Bridge (Exception, See Draw. No. 1746)

Work under this Contract in general shall include the following:
 Part I: Removal of the Concrete Handrail on both sides of the roadway, cutting down of the sidewalk wall on one side of roadway, removal of the wingwalls of each end on one side of roadway, and drilling and setting down the existing work as shown on detail Plans.
 Part II: Construction of additional 6'-0" width of Concrete Arch Bridge conforming in general to existing structure, including construction of new segments in both end on one side of roadway, sidewalk wall on one side of roadway and new handrails on both sides of roadway.
 For details of work see Draw. No. 1746.
 NOTE: All Excavation, Class A Concrete, Reinforcing Steel, and Handrail shall be paid for at the Unit Price bid for these items.

See No. 1344 & No. 1345
