

INTEROFFICE MEMORANDUM

December 6, 2017

TO: Master Files

FROM: *JF* John Fleming, Division Head, Environmental Division *B. Price*

SUBJECT: Job Number 050320
Fulton County Area Headquarters (Salem)
Fulton County
Environmental Documentation for State Funded Projects

The purpose of this project is to build a new area headquarters along Highway 62 east of Salem, Arkansas in Fulton County. A project location map is attached.

The project area had an initial environmental clearance for purchase of the property in February 2014 under Job Number 005603. Since that time, the property has been acquired, cleared, grubbed, and contoured to Department specifications. The current project includes building a 5,000 sq. ft. steel facility and a parking lot.

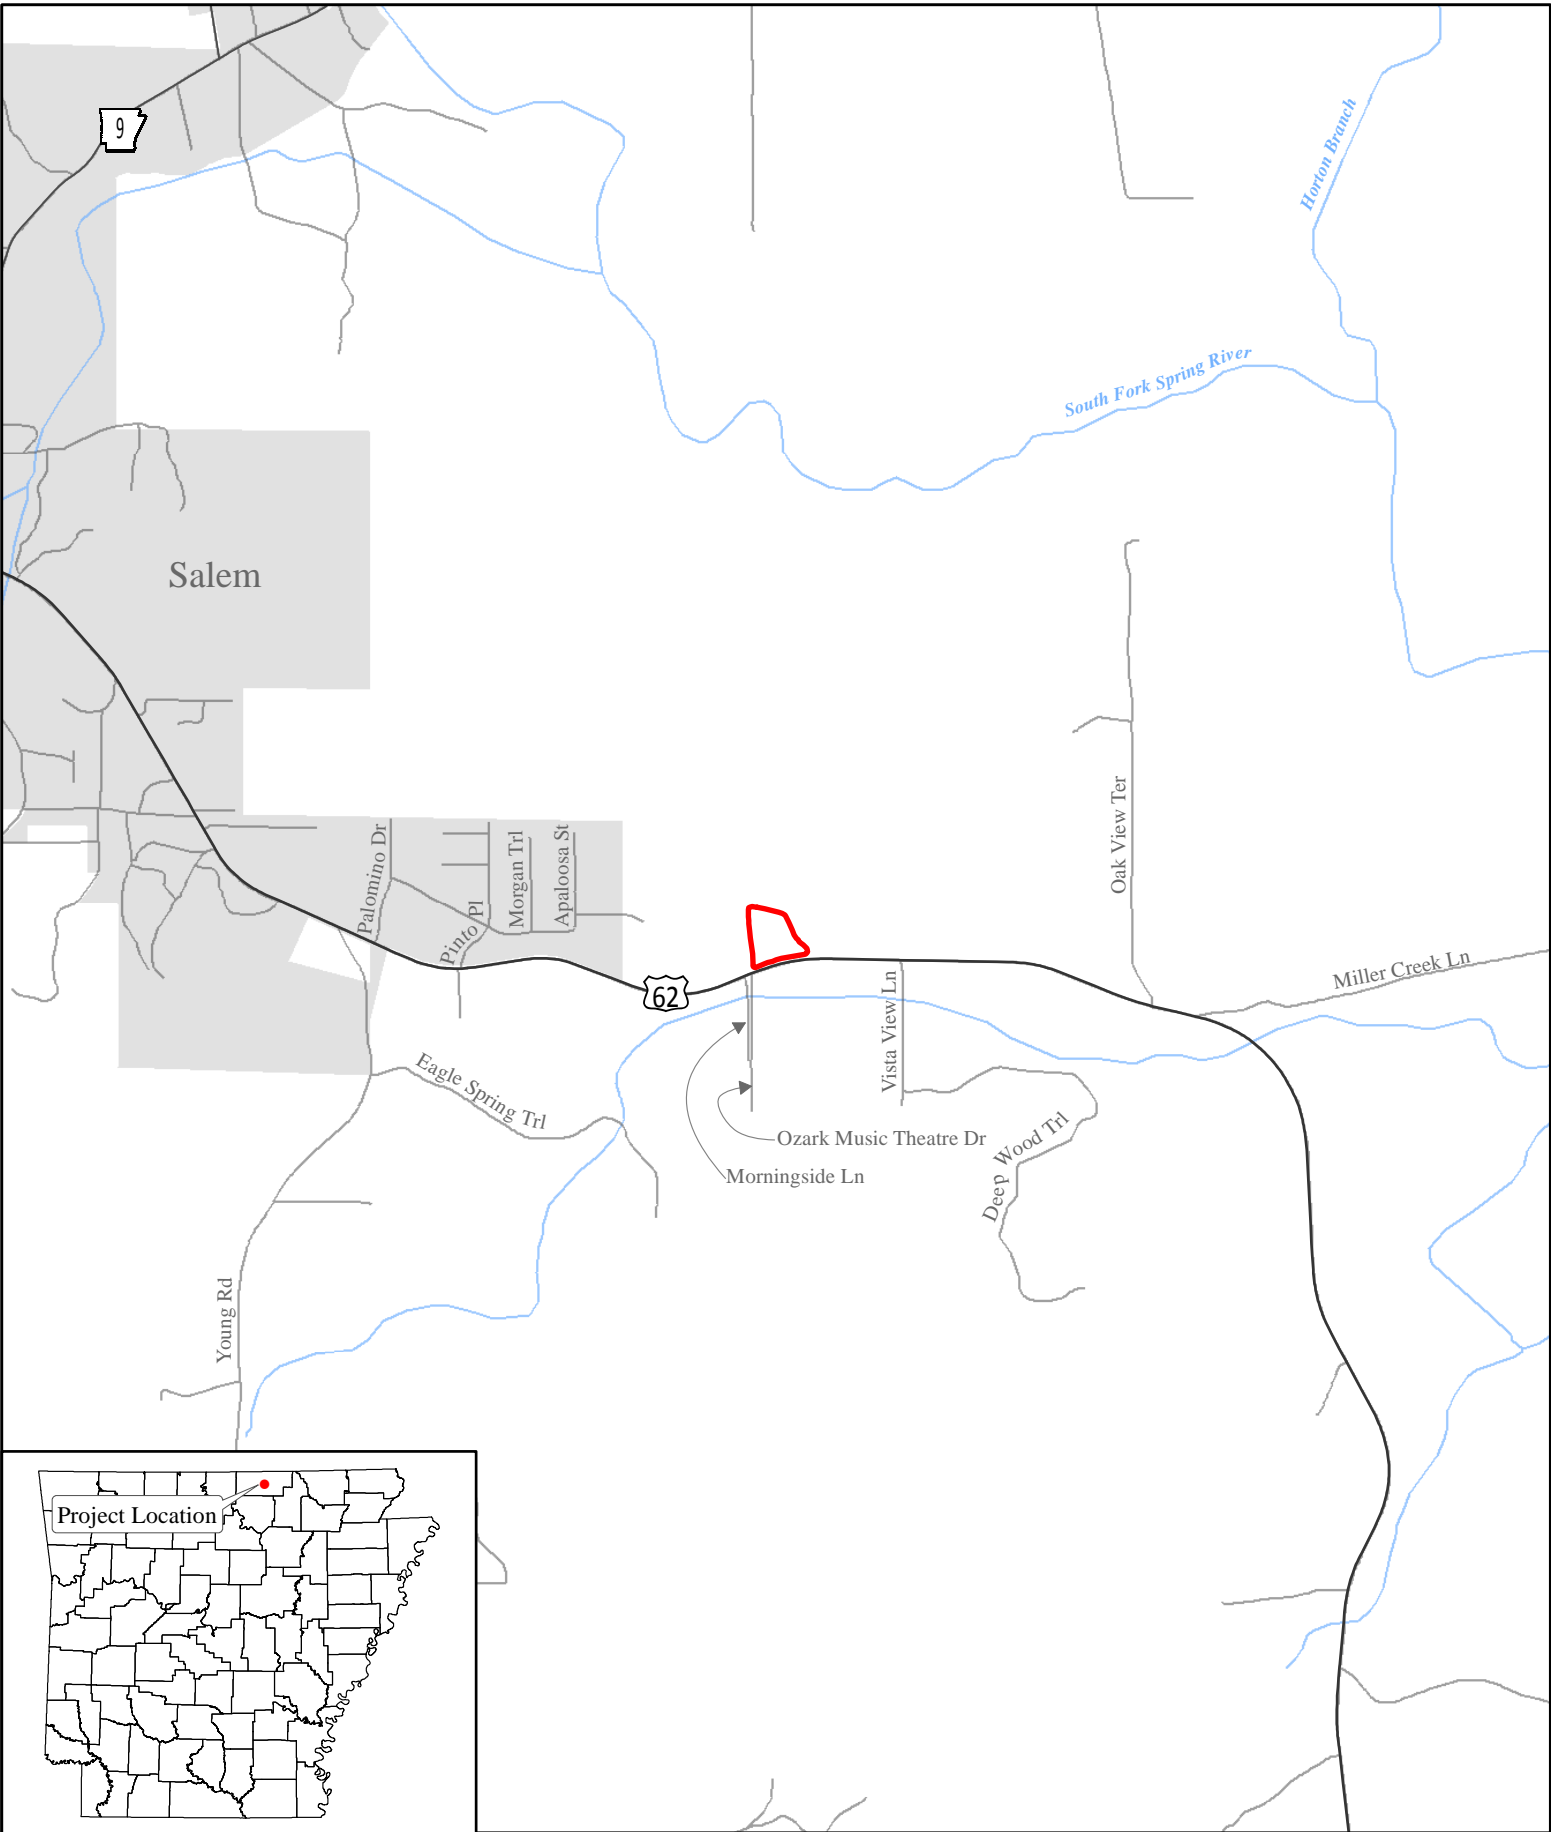

After appropriate environmental review it has been determined that this project will not affect any wetlands, cultural resources, or endangered species. The original clearance from the State Historic Preservation Officer is attached. Field inspections found no evidence of existing underground storage tanks or hazardous waste deposits.

Job Type: Improvement on New Location Borrow Pit
 Bridge Replacement Haul Road
 Road Widening Waste Site
 Storage Location Other Property Acquisition

AHPP
JAN 28 2014

Job Description The proposed project will acquire seven acres of property in Fulton County for use as a new maintenance facility. This location is a domestic residence that includes a historic house and barn. Architectural evaluation of both of these historic structures by SHPO has determined that they are ineligible to the National Register. There will be no other impacts to historic properties or archeological resources.
