FROM: John Fleming, Division Head, Environmental Division

SUBJECT: 2018 Pavement Preservation Program Projects
Multiple Job and FAP Numbers
Various Counties
Tier 1 Categorical Exclusion

After appropriate environmental review, it has been determined that the subject jobs fall under a Tier 1 Categorical Exclusion as described by the ArDOT/FHWA Memorandum of Agreement on Categorical Exclusion Documentation and Processing.

The purpose of these projects is to preserve and rehabilitate the highways. A table listing the projects, their locations, and type of work involved is attached, along with cultural resources clearances. No endangered species will be affected by the proposed projects. No Section 404 permits will be required. Public hearings will not be offered for these projects.

RE: Job Number 012274  
Hwy. 167 – Big Creek  
(Sel. Secs.) (S)  
Grant and Cleveland Counties

Dear Ms. Hurst:

A Project Identification Form (PIF) for the above-referenced project is enclosed. Please review for concurrence with the findings of my staff. If you have any questions or require additional information about the project, please contact Milton Hughes of my staff at 501-569-2080.

Sincerely,

John Fleming  
Division Head  
Environmental Division

TO: Environmental Job Files

FROM: William McAlexander, Environmental Scientist I

SUBJECT: Archeological Clearance
AHTD Job No. 061514
Hwy. 270 - North (S)
Garland County

The above referenced project involves resurfacing the roadway in Garland County. There will be no excavation of the road base. The project is designed to improve traffic safety and flow along this portion of the route.

An examination of the Arkansas Archeological Survey’s (AAS) records was conducted for previously recorded archeological sites. No recorded sites are located within the proposed project area. A records check at the Arkansas Historic Preservation Program (AHPP) for properties listed in or eligible for the National Register revealed none for the resurfacing portion of the roadway. The Mountain Pine topographical map was examined for cemeteries, potentially historic structures, and landforms conducive to hold archeological sites. The 1841 General Land Office plat showed no improvements or cultural features in the immediate vicinity of the project area. The 1936 Garland County road map showed several structures near the project area.

The project will be constructed within the existing roadbed and does not have the potential to affect any undisturbed land surfaces or potential cultural resources. This project is subject to the 1999 MOA and falls under the exempted work category “Resurfacing”. This project is not considered an undertaking and requires no further work or Section 106 review.

FROM: Jason Eads, Cultural Resources Section, Environmental Division

SUBJECT: Archeological Clearance
Job Number 061519
Spring St. - Persimmon St.
(Hot Springs) (S)
Garland County

This job proposes to overlay an existing 3.3 miles of road surface with asphalt pavement on Highway 70B, in Hot Springs, Garland County. A records check at the Arkansas Archeological Survey shows no sites in or near the right-of-way (ROW). No cultural indicators were found on the 1841 General Land Office map in or near the project. The 1936 Garland County road map shows several structures along the route. No recorded historic structures are shown on the AHPP structure database in or near the ROW. The project will require no new ROW. All work will be within the existing ROW and the extremely limited scope of the project does not have the potential to affect any undisturbed land surfaces or potential historic properties. This project is subject to the 1999 MOA and falls under the exempted Work Category “Resurfacing.” The project is not considered an undertaking and requires no further work or Section 106 review.

TO: Job File

FROM: M. Hughes

SUBJECT: Cultural Resources
ARDOT Job 100902
Randolph Co. Line – So. of Hwy. 63 (S)
Lawrence County

This project is subject to the 1999 MOA between the AHTD and the Arkansas Historic Preservation Program (AHPP) and, at this time, falls under the exempted Work Category “Reconstruction”. This project is not considered an undertaking and will require no permanent or temporary ROW acquisition. As such, the project requires no Section 106 review.

A preliminary records review was conducted on September 28, 2017 for this project and included a search of the Arkansas Archeological Survey (AAS) site files for previously recorded archeological sites and a review of the Arkansas Historic Preservation Program (AHPP) database for sites, structures or features listed on or deemed eligible for inclusion to the National Register of Historic Places (NRHP). The 7.5’ 1968/1971 Ravenden, ARK; 1968/1981 Williford, ARK; and the 1966/1981 Ravenden Springs, ARK topographic maps were reviewed for cemeteries, potentially historic structures and landforms conducive to hold archeological sites. Additional resources included the 1936 Lawrence County highway map and the relevant General Land Office (GLO) plats for the project (see Table 1). No previously documented archeological sites, historic properties or features were identified within ¼ mile of the project during the records review. The 1936 Lawrence County highway map noted numerous structures located along the project. Although there are a few structures present along the project older than fifty years in age, they are located well away from the project limits and will not be impacted. No further cultural resources work is recommended for this project.

    Request for Technical Assistance
    AHTD Job Number 100927
    Hwy. 67 – West (Pocahontas) (S)
    AHPP Tracking Number 99422

Dear Mr. Fleming:

This letter is written in response to your inquiry regarding the above referenced project. The staff of the Arkansas Historic Preservation Program (AHPP) has reviewed your letter of September 29, 2017, for overlay and resurface.

Although there are 14 historic properties located along the route, we concur that the undertaking will have no adverse effect on cultural resources.

Tribes that have expressed an interest in the area include the Cherokee Nation (Ms. Elizabeth Toombs), the Osage Nation (Dr. Andrea Hunter), the Quapaw Tribe of Oklahoma (Mr. Everett Bandy), and the Shawnee Tribe of Oklahoma (Ms. Kim Jumper). We recommend that they be consulted in accordance with 36 CFR § 800.2 (c) (2).

Once the undertaking is further along in the planning stages, we look forward to reviewing the proposed project. If you should have any questions or comments, please do not hesitate to contact Tim Dodson of my staff at (501)-324-9784.

Sincerely,

Scott Kaufman
Director, AHPP
