

Title: Research Support Supervisor	Effective Date: June 19, 2021	Grade: XVI	Job Category: Professional
Prior Title: Research Support Supervisor	Prior Effective Date: August 17, 2020	Grade: XV	Page: 1 of 2

CHARACTERISTICS OF WORK

Under direction of the Staff Research Engineer, the Research Support Supervisor is responsible for supervising technical support employees within the Research Section, conceptualizing, conducting, and directing research projects and studies. This position performs the duties of the Staff Engineer in that person's and the Senior Research Study Engineer's absence.

EXAMPLES OF WORK

The following examples are intended only as illustrations of various types of work performed. No attempt is made to be exhaustive. Related, similar, or other logical duties are performed as assigned. The Department may require employees to perform functions beyond those contained in job descriptions. The Department may modify job descriptions based on Department needs. The Arkansas Department of Transportation is an "at will" employer.

- Assign or schedule tasks to meet work priorities and goals.
- Assist in the supervision of professional work in the Department's research program.
- Serve as a Project Manager for research projects.
 - Coordinate and conduct in-house research projects as the Principal Investigator.
 - Coordinate and manage contract research projects.
- Develop and carry out proposals and work plans for Department, pooled fund, NCHRP and Federal Highway Administration (FHWA) research efforts.
- Consult and advise principal investigators on technology, methodology and coordinate work between the various Divisions and Districts of the Department and research contractors.
- Provide assistance in implementing research results.
- Present research findings to the Department or other end users.
- Coordinate and conduct product evaluations.
- Collaborate with other personnel on report preparation, the review of research literature, data collection and analysis, and presentation of findings.
- Travel statewide as necessary to conduct field evaluations related to research activities.
- Assist in the Department's research program development.
