	P Block	
Valtir, LLC Addison, TX	King MASH16 Block	For 8" guardrail

Method of Documentation of Acceptance:

By brand and source.

Method of Approval:

Plastic guardrail blockouts shall meet the dimensional requirements of Arkansas Department of Transportation Standard Drawing GR-6 and meet the criteria of Manual of Assessing Safety Hardware (MASH), Level 3.

Samples of plastic guardrail blockouts submitted for approval shall be accompanied by a detailed drawing of the blockout and product literature to include confirmation that the criteria of MASH, Level 3 are met.

After approval for inclusion in the Qualified Products List, samples may be taken at random from shipments for testing. Non-conformance of any material will cause the product to be removed from the Qualified Products List.
