

# 2024 ACT 789 REPORT

TO THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS  
(ACT 789 of 2019)

**Arkansas Department of Transportation**  
10324 Interstate 30, Little Rock, Arkansas 72209  
October 2023

## NOTICE OF NONDISCRIMINATION

---

The Arkansas Department of Transportation (ARDOT) complies with all civil rights provisions of federal statutes and related authorities that prohibit discrimination in programs and activities receiving federal financial assistance. Therefore, ARDOT does not discriminate on the basis of race, sex, color, age, national origin, religion (not applicable as a protected group under the Federal Motor Carrier Safety Administration Title VI Program), disability, Limited English Proficiency (LEP), or low-income status in the admission, access to and treatment in ARDOT's programs and activities, as well as ARDOT's hiring or employment practices. Complaints of alleged discrimination and inquiries regarding ARDOT's nondiscrimination policies may be directed to Civil Rights Officer Joanna P. McFadden (ADA/504/Title VI Coordinator), P.O. Box 2261, Little Rock, Arkansas 72203-2261, 501-569-2298 (Voice/TTY 711), or to the following email address: [Joanna.McFadden@ardot.gov](mailto:Joanna.McFadden@ardot.gov).

Free language assistance for Limited English Proficient individuals is available upon request.

This notice is available from the ADA/504/Title VI Coordinator in large print, on audiotape and in Braille.

## INTRODUCTION

---

In accordance with Act 789 of 2019, and specifically, Arkansas Code § 27-65-147, the Arkansas Department of Transportation submits this report on congested routes, crash history, expenditures, and highway system mileage to the General Assembly of the State of Arkansas.

For additional information contact:

## GLOSSARY

---

**ARDOT** – The Arkansas Department of Transportation

**Arkansas State Highway System** – The system of public roads administered by the Arkansas Department of Transportation consisting of all Interstate Highways, U.S. Highways, and State Highways in the State of Arkansas.

**Congressional District** – Congressional Districts are the 435 areas from which members are elected to the U.S. House of Representatives. For the 2024 Act 789 Report, this term refers to the Arkansas Congressional Districts that went into effect on January 14, 2022, unless indicated otherwise.

**Congested Route** – As defined by Act 789 of 2019 – a street or highway that is part of the State Highway System and is:

- (A) A rural two-lane street or highway with an average daily traffic count of nine thousand (9,000) or more vehicles each day;
- (B) An urban two-lane street or highway with an average daily traffic count of thirteen thousand (13,000) or more vehicles each day;
- (C) A four-lane street or highway with an average daily traffic count of fifty thousand (50,000) or more vehicles each day; or
- (D) A six-lane street or highway with an average daily traffic count of eighty thousand (80,000) or more vehicles each day.

**Highway Improvements** – As used in this report – various work types including base and surfacing, cable median barriers, grading and structures, emergency repairs, interchange improvements/modifications, intersection improvements, major widening, minor widening, new locations, passing lanes, railroad crossing improvements, traffic signals, and other miscellaneous improvements.

**Log Direction** – Log direction is an indication of whether travel on a dual carriageway road is in the log or anti-log direction. The log direction of a section of highway is designated by ARDOT for maintenance purposes.

**Maintenance** – As used in this report – various work types including routine surface and shoulder maintenance, routine roadside and drainage maintenance, authorized roadside and drainage maintenance, chemical weed and grass control, routine structure maintenance, routine traffic services, unusual or disaster maintenance, salvage operations, and other miscellaneous maintenance activities.

**Preservation** – As used in this report – various work types including base stabilization, bridge rehabilitation, bridge replacement, reconstruction, rehabilitation, resurfacing and shoulders, pavement friction improvements, raised pavement markers, safety improvements, striping and signing, and other miscellaneous preservation activities.

**Rural Area** – As defined by the U.S. Census Bureau – all areas not classified as “urban areas.”

**2024 Act 789 Report**

Arkansas Department of Transportation

**Urban Area** – As defined by the U.S. Census Bureau for the 2020 Census – densely settled (typically incorporated) territories with at least 5,000 inhabitants or 2,000 housing units.

## TABLE OF CONTENTS

---

Part I – Ten Most Congested Routes in Urban Areas.....	1
Part II – Ten Most Congested Routes in Rural Areas .....	3
Part III – Crash History by County	
Five Locations by County with the Highest Number of Crashes .....	5
Five Locations by County with the Highest Number of Fatal Crashes .....	27
Part IV – Expenditure of Highway Funds per Person .....	48
Part V – State Highway System Mileage per Congressional District.....	51
Part VI – Expenditure of Highway Funds for Preservation .....	52
Appendix A – Act 789 of 2019.....	A-1
Appendix B – Arkansas Congressional Districts .....	B-1
Appendix C – Act 789 Report Congested Routes Map.....	C-1
Appendix D – Act 789 Report Crash Maps by County .....	D-1

## **PART I – TEN MOST CONGESTED ROUTES IN URBAN AREAS**

---

Each year, ARDOT collects traffic data at approximately 9,200 locations on the State Highway System. Each location is used to estimate average daily traffic along a highway segment. Highway segments are typically defined by junctions with other state highways or major local streets.

For this report, ARDOT used traffic count data collected in 2022 – the latest available year of traffic data that ARDOT has accepted for use and publication. For consistency, congested routes were identified using the number of lanes that existed in 2022.

As defined by Act 789, based on average daily traffic volume, the locations of the ten most congested routes in urban areas (including ties) are reported in **Table 1** and illustrated in **Appendix C**.

**Table 1. As Defined by Act 789, Ten Most Congested Routes in Urban Areas**

Rank	County	Route	Section	Segment			Number of Lanes	Average Daily Traffic
				Begin Log Mile	End Log Mile	Termini		
1	Pulaski	40	33	153.55	154.23	Interstate 30 to North Hills Boulevard	6 or more	129,000
2	Pulaski	30	23	140.54	140.94	Highway 10 to Highway 70 (Arkansas River Bridge)	6 or more	126,000*
3	Pulaski	30	23	141.51	141.78	Bishop Lindsey Avenue to Curtis Sykes Drive	6 or more	122,000*
4a	Pulaski	30	23	126.29	128.75	Highway 111 to Interstate 430	6 or more	121,000
4b	Pulaski	30	23	140.28	140.54	6th Street to Highway 10	6 or more	121,000*
6a	Saline	30	22	122.48	126.29	Bryant Parkway to Highway 111	6 or more	119,000
6b	Pulaski	40	33	154.23	154.57	North Hills Boulevard to Highway 67	6 or more	119,000
8a	Pulaski	630	21	4.96	5.81	University Avenue to Mississippi Street	6 or more	117,000
8b	Pulaski	630	21	5.81	6.52	Mississippi Street to John Barrow Road	6 or more	117,000
10	Pulaski	630	21	4.74	4.96	Fair Park Boulevard to University Avenue	6 or more	116,000

\*Average daily traffic volume from 2020. This location was part of an active construction zone in 2022, which impeded traffic counting.

## **PART II – TEN MOST CONGESTED ROUTES IN RURAL AREAS**

---

Congested routes in rural areas were identified using the methodology described in **Part I**.

As defined by Act 789, based on average daily traffic volume, the locations of the ten most congested routes in rural areas (including ties) are reported in **Table 2** and illustrated in **Appendix C**.

**Table 2. As Defined by Act 789, Ten Most Congested Routes in Rural Areas**

Rank	County	Route	Section	Segment			Number of Lanes	Average Daily Traffic
				Begin Log Mile	End Log Mile	Termini		
1	Pulaski	165	9	3.33	5.30	Highway 391 to Interstate 440	2	16,000
2a	Garland	7	9	13.36	14.07	Highway 75 to Fox Pass Cutoff	2	15,000
2b	Benton	59	1	18.85	19.15	Highway 59B to Highway 12	2	15,000
2c	Baxter	62	10	0.51	0.77	Highway 62B to Ryan Road	2	15,000
5a	Washington	16	3	7.44	8.59	Lake Sequoyah Drive to Middle Fork White River	2	13,000
5b	Saline	67	9	6.05	7.62	Highway 229 to Interstate 30	2	13,000
5c	Benton	72	3	1.14	4.32	Benton Ridge Circle to Spanker Creek Road	2	13,000
8a	Stone	9	11	18.10	18.67	Highway 66 to Highway 14	2	12,000
8b	Washington	16	3	8.59	10.63	Middle Fork White River to Highway 74	2	12,000
8c	Benton	59	1	18.28	18.85	Highway 59S to Highway 59B	2	12,000
8d	Benton	62	2	14.30	14.95	Wimpy Jones Road to Highway 127	2	12,000
8e	Garland	270	5	13.93	16.35	Treasure Isle Road to Haven Hill Lane	2	12,000*

\*Average daily traffic volume from 2020. This location was part of an active construction zone in 2022, which impeded traffic counting.

## PART III – CRASH HISTORY BY COUNTY

For this report, ARDOT analyzed crash data collected on the State Highway System in 2022. The crash analysis was performed twice – once for all crashes and once for fatal crashes only.

### Five Locations by County with the Highest Number of Crashes

To identify high crash segments as opposed to spot locations (generally intersections with high traffic), the following crash location methodology was utilized: For each county, geographic information system (GIS) tools were used to break the State Highway System into two-mile segments; then crashes were totaled for each segment. For a given route and section, the segmentation process generally begins at log mile 0.00 and produces two-mile segments, except towards the end of a section or for sections that cross county lines. This process repeats for every route and section on the State Highway System. The five locations (including ties) that had the highest number of crashes are reported in **Table 3** and illustrated in **Appendix D**.

**Table 3. Five Locations with the Highest Number of Crashes by County**

County	Rank	Count	Route	Section	Log Mile	
					Begin	End
Arkansas	1	11	130	6	0.00	2.00

**Five Locations by County with the Highest Number of Fatal Crashes**

For each county, GIS tools were used to identify one-tenth mile segments of the State Highway System where fatal crashes occurred. The five locations (including ties) on the State Highway System that had the highest number of fatal crashes are reported in **Table 4** and illustrated in **Appendix D**. For some counties, fewer than five fatal crashes were reported on the State Highway System in 2022. For those counties, fewer than five locations are listed. The midpoint log mile references the log direction unless noted otherwise.

## **PART IV – EXPENDITURE OF HIGHWAY FUNDS PER PERSON**

---

Each year, ARDOT expends funds on a variety of work types and activities including highway improvements, maintenance, preservation, operations, administration, building improvements, off-system improvements, and others.

As defined by Act 789, **Tables 5a and 5b** report the annual expenditure per person of State and Federal highway funds for highway improvements, maintenance, and preservation of the State Highway System. Per-person expenditures are reported separately for each Congressional District over the preceding ten State Fiscal Years (SFY).

It is important to note that the values reported for SFY 2023 were tabulated using the Congressional District boundaries that went into effect on January 14, 2022, whereas the values tabulated for SFY 2014 through SFY 2022 were tabulated using the previous Congressional District boundaries. Thus, comparison of SFY 2023 expenditures with previous years is complicated by changes in those boundaries.

It is also important to note that the costs of construction of highway projects included in the table on the following page do not include right-of-way or utility expenditures, which are typically greater in urban areas as compared to rural areas. It should also be noted that for construction projects for highway improvements and preservation, the award amount is used instead of expenditures. The full award amount is shown in the SFY in which a project is let to contract, though expenditures for a project may occur over multiple years.

**Table 5a. As Defined by Act 789, Expenditure per Person of State and Federal Highway Funds – SFY 2014 through SFY 2022**

State Fiscal Year	Congressional District*				Statewide Average
	1	2	3	4	
2014	\$280.93	\$172.68	\$212.14	\$184.45	\$212.55

**Population by Congressional District as of the 2020 Census.					
***Centerline Mileage in 2022 by Congressional District (Table 6).					

## PART V – STATE HIGHWAY SYSTEM MILEAGE PER CONGRESSIONAL DISTRICT

The mileage of the State Highway System is constantly changing as a result of highway realignments, the addition of new highway segments, and the removal of existing highway segments. **Table 6** reports the centerline mileage of the State Highway System by Congressional District as of 2022 – the most recent year for which ARDOT submitted official system mileage to the Federal Highway Administration.

**Table 6. Centerline Mileage of the State Highway System by Congressional District**

Congressional District*	State Highway System Centerline Mileage
1	6,637
2	1,862
3	1,512
4	6,425
<b>TOTAL</b>	<b>16,436</b>
*Values tabulated by Congressional District using the boundaries in effect as of January 14, 2022.	

**Table 7** reports the average expenditure of State and Federal funds per centerline mile of the State Highway System for highway improvements, maintenance, and preservation in SFY 2023, broken out by Congressional District.

**Table 7. Expenditure of State and Federal Highway Funds per Centerline Mile of the State Highway System – SFY 2023**

Congressional District*	Expenditure per Centerline Mile
1	\$72,944
2	\$130,779
3	\$80,107
4	\$77,582
<b>Statewide Average</b>	<b>\$81,968</b>
*Values tabulated by Congressional District using the boundaries in effect as of January 14, 2022.	

## PART VI – EXPENDITURE OF HIGHWAY FUNDS FOR PRESERVATION

As required by Act 789, **Tables 8a and 8b** report the expenditure of State and Federal highway funds for the preservation and maintenance of the State Highway System. Expenditures are reported separately for each Congressional District over the preceding ten State Fiscal Years.

It is important to note that the values reported for SFY 2023 were tabulated using the Congressional District boundaries that went into effect on January 14, 2022, whereas the values tabulated for SFY 2014 through SFY 2022 were tabulated using the previous Congressional District boundaries. Thus, comparison of SFY 2023 expenditures with previous years is complicated by changes in those boundaries.

It is important to note that the costs of construction of highway projects included in the table below do not include right-of-way or utility expenditures, which are typically greater in urban areas as compared to rural areas. It should also be noted that for construction projects for preservation, the award amount is used instead of expenditures. The full award amount is shown in the SFY in which a project is let to contract, though expenditures for a project may occur over multiple years.

**Table 8a. As Required by Act 789, Expenditure of State and Federal Highway Funds for Preservation and Maintenance – SFY 2014 through SFY 2022**

State Fiscal Year	Congressional District*				Statewide
	1	2	3	4	
2014	\$183,987,741	\$78,242,068	\$40,775,571	\$120,760,040	\$423,765,420
2015	\$147,669,408	\$205,941,836	\$31,470,110	\$174,229,644	\$559,310,998
2016	\$207,322,910	\$103,221,227	\$69,326,916	\$167,142,381	\$547,013,434

## **APPENDIX A – ACT 789 of 2019**

Stricken language would be deleted from and underlined language would be added to present law.  
Act 789 of the Regular Session

1 State of Arkansas  
2 92nd General Assembly  
3 Regular Session, 2019  
4

As Engrossed: S3/28/19

# A Bill

HOUSE BILL 1750

5 By: Representatives Lundstrum, Bentley, Boyd, Coleman, A. Davis, D. Douglas, Eaves, Gates, G  
6 Hodges, Jean, McCollum, Pilkington, B. Smith, Speaks, Sullivan  
7 By: Senators G. Stubblefield, Irvin  
8

## For An Act To Be Entitled

9  
10 AN ACT TO ENSURE THAT THE GENERAL ASSEMBLY HAS  
11 ADEQUATE INFORMATION TO MAKE INFORMED DECISIONS ON  
12 HIGHWAY FUNDING BEFORE EACH REGULAR SESSION AND EACH  
13 FISCAL SESSION BY REQUIRING THE DIRECTOR OF STATE  
14 HIGHWAYS AND TRANSPORTATION TO PROVIDE INFORMATION ON  
15 VARIOUS ISSUES, INCLUDING WITHOUT LIMITATION THE  
16 LOCATION OF THE MOST CONGESTED ROUTES, THE MOST  
17 DANGEROUS TRANSPORTATION AREAS, THE EXPENDITURE PER  
18 PERSON OF STATE AND FEDERAL HIGHWAY FUNDS IN EACH  
19 CONGRESSIONAL DISTRICT, AND THE NUMBER OF MILES OF  
20 THE STATE HIGHWAY SYSTEM THAT ARE IN EACH  
21 CONGRESSIONAL DISTRICT; AND FOR OTHER PURPOSES.  
22  
23

## Subtitle

24  
25 TO ENSURE THAT THE GENERAL ASSEMBLY HAS  
26 ADEQUATE INFORMATION TO MAKE INFORMED  
27 DECISIONS ON HIGHWAY FUNDING BEFORE EACH  
28 REGULAR SESSION AND EACH FISCAL SESSION.  
29  
30

31 BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:  
32

33 SECTION 1. Arkansas Code Title 27, Chapter 65, Subchapter 1, is  
34 amended to add an additional section to read as follows:

35 27-65-146. Additional reporting before each regular session and each  
36 fiscal session.

1           (a) As used in this section:

2                   (1) "Congested route" means a street or highway that is part of  
3 the state highway system and is:

4                           (A) A rural two-lane street or highway with an  
5 average daily traffic count of nine thousand (9,000) or more vehicles each  
6 day;

7                           (B) An urban two-lane street or highway with an  
8 average daily traffic count of thirteen thousand (13,000) or more vehicles  
9 each day;

10                           (C) A four-lane street or highway with an average  
11 daily traffic count of fifty thousand (50,000) or more vehicles each day; or

12                           (D) A six-lane street or highway with an average  
13 daily traffic count of eighty thousand (80,000) or more vehicles each day;

14                   (2) "Discretionary funds" means funds available for use by the  
15 State Highway Commission or the Arkansas Department of Transportation that  
16 are not:

17                                   (A) Designated for a specific use under law;

18                                   (B) Required to be used by law or by contract for debt  
19 service; or

20                                   (C) Required to be used by law or by contract as a source  
21 for matching funds; and

22                   (3) "Peak usage time" means the time of day during the week that  
23 the majority of people use streets and highways to travel to and from work or  
24 school, or both.

25           (b) Upon the convening of the General Assembly at each regular session  
26 and each fiscal session, the Director of State Highways and Transportation  
27 shall provide the following information in report form to all members of the  
28 General Assembly:

29                           (1) The location of the ten (10) most congested routes in urban  
30 areas;

31                           (2) The location of the ten (10) most congested routes in rural  
32 areas;

33                           (3) For each county in the state, the five (5) locations that  
34 have the highest number of vehicle accidents and the five (5) locations that  
35 have the highest number of fatal vehicle accidents;

36                           (4) The expenditure per person of state and federal highway

As Engrossed: S3/28/19

HB1750

1 funds, including without limitation discretionary funds, in each  
2 congressional district over the preceding ten (10) years;

3 (5) The number of miles of the state highway system that are in  
4 each congressional district; and

5 (6) The expenditures made per congressional district of state  
6 and federal highway funds, including without limitation discretionary funds,  
7 for the preservation of the state highway system.
