Re: Structure # 12345  
Foreman Road  
Boxer County

Dear Ms. Tudor:

Boxer County would like to be considered for Federal-aid funding for replacement of the referenced structure through the Arkansas Department of Transportation's Local Bridge Program. The structure is located north of Knockout City on Foreman Road, three miles west of Highway 222. Structure #12345 crosses Glove Creek and there is a bad history of fatal crashes at this location.

Sincerely,

John Doe Smith  
Boxer County Judge
